

Closing Statement for Denver Decides Candidate Forum on Oct 11, 2014

We have evolved to an effective one-party system in Denver. The Democrats feels safe doing whatever they want without regard for the people. The republicans refuse to fight.

This is not the way it is supposed to be.

We are supposed to leave the nation in BETTER shape for our kids and the future

Our representatives are supposed to represent what people need.

That is not happening now.

When our congress willfully pushes taxes and regulations down all the way from the top, we all lose a little each day.

Something's gotta give. What needs to give is that congress needs to step away, respect the principles that made this country great in the first place, and allow Americans to thrive.

We need to leave for our children a country of economic strength and liberty that is just not there now.
